Welcome...

The Animal Industries Resource Centre (AIRC) thank you for considering our company to fulfil your training needs. Whether you are considering the AIRC, about to enrol into one of our many veterinary nursing or animal care courses or are a current student, we encourage you to read our Student Handbook.

Provet Pty Ltd T/A Animal Industries Resource Centre have been delivering nationally recognised qualifications within the animal care industry since 1996. We are registered with the Australian Skills Quality Authority (ASQA) the National VET Regulator and operate within the Standards for Registered Training Organisation (RTOs) 2015.

Its founder, a highly recognised veterinary nurse and now Director of Learning and Development and Business Consultant prides the organisation in offering the best study and assessment options for students and their employers. Our courses are offered via online and distance education correspondence with interactive webinars and practical assessment in the student's own workplace for units of competency requiring practical assessment by an AIRC assessor. The AIRC have trainers situated around Australia with the appropriate industry standard and training/assessment qualifications. We are proud to say that our trainers continue to work in the industry and attend continuing education to keep at the peak of their profession. The AIRC Student Handbook has been developed as a complete guide for our students, so that you, your employer and our trainers can understand and fulfil the expectations set. This document will be reviewed regularly and updated as required. A current version can always be found at www.provetlearning.com.au/studenthandbook or on the student website at www.ilearnlounge.com.au. This includes:

- providing a consistent and reliable set of components for training, recognising and assessing peoples' skills, and may also have optional support materials
- enabling nationally recognised qualifications to be awarded through direct assessment of workplace competencies
- encouraging the development and delivery of flexible training which suits individual and industry requirements
- encouraging learning and assessment in a work-related environment which leads to verifiable workplace outcomes

Our aim is to equip you with the knowledge, skills and confidence you need to enter the animal care industry or to enhance your career with further studies. During your time with us, you will be exposed to a variety of experiences and challenges. The course will provide a mix of theory and practical skill training. We will also offer you an opportunity to build your confidence and motivation with a view to prepare you for an exciting career. The quality of your experience at the AIRC depends largely on your motivation and commitment. We feel that we have in place an ideal learning environment. Meet the challenge, and we will do our best to ensure that the benefit to you exceeds your expectations.

Upon enrolling, you have rights and responsibilities, most of which are outlined in this handbook. You are naturally welcome to ask us for further information if you have questions which are not covered here.

Best of luck!

Sue Crampton
AIRC/CCG Business Manager

About The AIRC

Code of Conduct

As a Registered Training Organisation (RTO), the AIRC has agreed to operate within the Standards for Registered Training Organisations 2015 of the National VET Regulator ASQA.

Access & Equity

Animal Industries Resource Centre (AIRC) is committed to practicing fairness and equal opportunity, for all current and potential participants, to access and participate in learning and to achieve their learning outcomes regardless of age, gender, cultural or ethnic background, disability, sexuality, language skills, literacy or numeracy level, unemployment, imprisonment or remote location that may present a barrier to access, or any other perceived difference in class or category. Animal Industries Resource Centre ensures that its practices are as inclusive as possible and do not unreasonably prevent any clients from accessing its services. Animal Industries Resource Centre will address access and equity matters as a nominated part of operational duties.

Upon induction into Animal Industries Resource Centre, all staff are provided with information on where to find the policies and procedures which they must adhere to throughout all their operations as an AIRC staff member. Participants are made aware of the access and equity policy via the Animal Industries Resource Centre Student Handbook and informed of their rights to receive access and equity support and to request further information.

Animal Industries Resource Centre policies are in place to ensure that training opportunities are offered to all people on an equal and fair basis in all circumstances, irrespective of their gender, culture, linguistic background, race, socio-economic background, disability, age, marital status, pregnancy, sexual orientation or carer's responsibilities.

Practicing these policies will guarantee that any participant who meets Animal Industries Resource Centre entry requirements will be accepted into any training programs. If any participant or staff member have issues or questions regarding access and equity, or believes they have been treated unfairly, they will be directed to AIRC's management for consultation.

National Recognition

In keeping with the requirements of the Standards for Registered Training Organisation 2015, the AIRC recognises Nationally Recognised Qualifications and Statements of Attainment issued by other Registered Training Organisations.

Quality Management Focus

The AIRC has a commitment to providing a quality service and a focus on continuous improvement. We value feedback from all students, employers, staff and industry for incorporation into future education programs. Feedback is gathered by means of a combination of industry consultations, validations, industry conferences, staff retreats, staff meetings and student and employer surveys.

Client Service

We have sound management practices to ensure effective client services. In particular we have client service standards to ensure timely issue of student assessment results and qualifications. These will be appropriate to competence achieved and issued in accordance with National Guidelines.

Our quality focus includes a Recognition of Prior Learning Policy, a fair and equitable Refund Policy, Complaints and Appeal Policy, an Access & Equity Policy, also Student Welfare and Guidance Services referral. Where necessary, arrangements will be made for those clients requiring literacy and or numeracy support programs.

We will take every opportunity to ensure that this information is disseminated, understood and valued by our team and clients.

Our student information will ensure that all fees and charges are known to enrolling students before enrolment, course content and assessment procedures are explained and that vocational outcomes are outlined.

Legislation

The AIRC will meet all legislative requirements of State and Federal Government. In particular, Workplace Health & Safety, Workplace Relations and Vocational Placement Standards will be met at all times.

The AIRC will at all times comply with relevant government legislation as it applies within each state. Relevant Federal and State Acts will be brought to the attention of students during their studies and will be aligned to those pertaining to the Animal Care and Management training package and the Business Services training package including but not limited to those within Appendix B.

The AIRC agrees to participate in external monitoring and audit processes required by the National Regulator ASQA or the relevant State Training Authority. This covers quality audits, audit following complaint, and audit for the purpose of re-registration.

Management and Administration

The AIRC has policies and management strategies, which ensure sound financial and administrative practices. The AIRC guarantees the organisation's sound financial position and safeguards students and trainee fees until used for training or assessment. We have a Refund Policy, which is fair and equitable. Trainee records are managed securely and confidentially and available for trainee perusal on request.

Insurance Requirements

The AIRC hold all relevant insurance necessary for the operational needs of the organisation.

Marketing and Advertising

The AIRC markets our vocational education and training products with integrity, accuracy and professionalism, avoiding vague and ambiguous statements. In the provision of information, no false or misleading comparisons are drawn with any other training organisation or training product.

Training

The AIRC team is equipped with the appropriate qualifications and currency to deliver the training and facilitate the assessment relevant to the training products offered. Assessment will meet the National Assessment Principals (including Recognition of Prior Learning). Equipment and training materials will be utilised to ensure the learning environment is conducive to the success of students.

Confidentiality

The AIRC implements standards and procedures to ensure the safeguard of any confidential information as outlined in the NVR Standards (formerly under the AQTF). Details, records and assessments are not privy to third parties without the written consent of the student. Students may access their files at any stage. If you require this, please contact us so that we can arrange an appropriate time.

Sanctions

The AIRC will honor all guarantees outlined in the AIRC Code of Practice. We understand that if we do not meet the obligations of this code or supporting regulatory requirements, we may have our registration as a Registered Training Organisation withdrawn.

Human Resources

The AIRC is committed to the provision of quality training and education services using highly qualified personnel who have been individually selected to deliver our courses to the highest possible standards. All of our Trainer and Assessors are experienced professionals in the animal care and veterinary industries. They hold national trainer and assessor qualifications and continue to display the associated training and assessment competencies. Our training personnel meet all requirements as specified in the relevant syllabus document for all other courses delivered or, where the syllabus document does not state instructional requirements, as required in the Minimum Human Resource Framework as endorsed by the Accreditation Council.

All Training and Assessing staff is provided with, or is still working within the industry to ensure currency within the industry.

Child Protection Policy

The Animal Industries Resource Centre certifies that as an employer who engages people in a child-related employment, i.e., employment that involves direct contact with children where the contact is not directly supervised - we are registered according to the *Commission for Children and Young People Act 2011*.

Student Information

Enrolment Requirements

The AIRC feels that students learn best when they can combine the theory study through their chosen course with paid employment in the animal care and veterinary industry. For this reason, it is AIRC policy that all students must comply with the below entry requirements for the duration of their course.

Qualification Code	Qualification Name	Minimum Entry Qualification requirement	Employment	Type of Facility
ACM10121	Certificate I in Animal Studies	nil	-	Placement required XXXX
ACM20121	Certificate II in Animal Care	nil	Paid	Companion Animal Care/Veterinary Practice
ACM40418	Certificate IV in Veterinary Nursing	Certificate II in Animal Studies/Care	Paid	Veterinary Practice
ACM50219	Diploma in Veterinary Nursing – Electives General Practice	Certificate IV in Veterinary Nursing	Paid	Veterinary Practice working at a senior level
ACM50219	Diploma in Veterinary Nursing – Electives Emergency & Critical Care	Certificate IV in Veterinary Nursing	Paid	24 hour animal emergency facility or referral hospital
ACM50219	Diploma in Veterinary Nursing – Electives Surgical Nursing	Certificate IV in Veterinary Nursing	Paid	Veterinary Practice with a registered surgical specialist in attendance
ACM50219	Diploma of Veterinary Nursing – Electives Dental	Certificate IV in Veterinary Nursing	Paid	Veterinary Practice with a registered dental specialist in attendance
BSB50420	Diploma of Leadership and Management	Nil	Working in a supervisory or higher managerial level	

Furthermore, as per the National Training Package, students must have regular access to a range of species in their workplace. Ideally, as much of the learning and assessment is targeted at the small animal sector, dogs and cats should both be included in this where possible.

Should a student fall outside of these requirements at any stage they are asked to contact their AIRC support team immediately to discuss their options. The AIRC understands that circumstances change and will suggest some options to assist the student to complete their chosen qualification.

Unique Student Identifier Number (USI number)

As of 1st January 2015, all students enrolled or enrolling into nationally recognised training are required to provide their USI number to AIRC for reporting their results to the government. Enrolment will not take place if the student hasn't provided their USI number to the AIRC. For further information regarding the requirement and how to apply for a USI number please refer to the link below.

<https://www.usi.gov.au/>

Workplace Mentor/Supervisor

As much of the learning is of a practical nature, it is important to have the support of your employer and workplace mentor/supervisor. It is a requirement that students select a workplace mentor/supervisor when enrolling with the AIRC. As per the National Training Package we require that this person either holds the qualification the student is enrolling into, or higher. For example, a student enrolling into Certificate IV in Veterinary Nursing may choose a workplace mentor/supervisor holds an Australian Nationally Recognised Certificate IV in Veterinary Nursing, Diploma of Veterinary Nursing or a Bachelor of Veterinary Science. We require a certified copy of your mentor's qualification at time of enrolment. For students enrolling into a companion animal services course, where no workplace mentor/supervisor is available with the relevant qualification, may select a workplace mentor/supervisor that supervises you and has the industry experience to instruct you in your daily work tasks. They may be asked to show evidence of their industry experience and therefore a senior staff member or owner of the workplace is recommended.

It is acceptable for a student to change their workplace mentor/supervisor during the course. This can be completed by submitting the relevant AIRC Change of Enrolment Status form which is available through the student iLearnLounge. For clarification students should contact the AIRC support team.

Elective Units

Students are required to select the elective units they wish to study in their chosen course prior to submitting their application. Students must remember that the units they are selecting may require workplace exposure and practical assessment; therefore, choices should reflect only units that the student has exposure to in their workplace, discussing your options with the AIRC enrolments team prior to confirming your selection.

The AIRC understands that as the electives are generally studied towards the end of the course, a student's interests may change. Students wishing to change elective during the course should contact the AIRC support team to organise this change and where applicable arrange payment of any fees that may apply.

Course Fees

Payment methods generally include:

- credit card (Visa and MasterCard)
- Monthly direct debits through Ezipay (*refer to Appendix C – Fees*)

- Payment Authorisation Direct Debits from Credit Card at specified course progression
- Provet Plus Points

These payment options are not available for all courses. Students should refer to the enrolment form provided for details of payment options available for their chosen course.

Student Payments: Students are not permitted to pay for course fees upfront unless the value is \$1500 or less.

AIRC require a \$500 upfront fee at time of enrolment with the balance of fees to be paid via one of the approved payment plans over the duration of the course timetable.

Employer Payments: AIRC are permitted to accept full course payment made by employers.

Ezypay: is a payment plan using an external direct debit company (please refer to the enrolment form to see if available for chosen course). Please note this payment option is not available to students under the age of 18. A deposit of \$500 is payable to the AIRC at time of enrolment, then monthly debits occur. The Ezypay contract signed at time of enrolment specifies the monthly debit amount. Enrolment will not happen until the course deposit is paid.

Scheduled payments:

AIRC require a \$500 for Australian based students and \$1500 for offshore student's upfront fee at time of enrolment with the balance of fees to be paid over the duration of the course via scheduled payments.

Students paying the course fees via installments are reminded that the full course fees are still payable during time of deferment and that deferment or cancellation of study **does not cease** promised payments and these will continue to be deducted as per the signed agreement.

Students seeking credit transfers or are enrolling in the Express Lane (RPL) or a combination of learning and assessment pathways are asked to contact the AIRC enrolment team for an individual course cost and payment plan options.

Please refer to Appendix C – Fees, for information on this topic.

Superseded training package qualifications

The RTO Operations Supervisor and Online Education Supervisor subscribes to the following email updates to ensure the RTO is advised of any changes to the Training Product:

- ASQA Industry Skills Council Newsletters
- training.gov.au Other

When there is a change to the Training Product that impacts on the AIRC's Training and Assessment Strategy (TAS), the RTO Operations Supervisor and Online Education Supervisor will notify all staff affected as soon as possible. The RTO complies with clauses 1.26 & 1.27 of the Standards for RTOs 2015. When there are major changes to the Training Product, the RTO Operations Supervisor and Online Education Supervisor will review the changes made and create a plan to transition to the requirements of the new training product and cater for completion arrangements for students where possible.

This will include:

- Consultation with appropriate industry personnel to ensure relevance of learning and assessment materials.

- Revising and upgrading of existing assessment tools to the requirements of the revised qualification.
- Creation of new identified assessment tools.
- Revising and upgrading of existing learning materials to the requirements of the revised qualification.
- Creation and purchasing of new learning materials.
- Rewriting of this learning and assessment strategy to match the new qualification
- Training and or up-skilling of existing trainers and assessors into the requirements of the new qualification
- Updating of the trainer assessor matrix, mapping tables and other relevant documents against the new qualification.

The AIRC may continue to deliver the training and assessment services for up to 12 months after the date of publication (or as directed by ASQA where extensions are granted). If after this date the student is unable to complete the superseded qualification, the student will be immediately issued with any eligible AQF testamur and may be transferred to a new qualification. Additional costs may be applicable to transition students to new qualifications where new units of competency are introduced as mandatory.

All students will be notified in the event the qualification in which they are enrolled in has been superseded with a new qualification and provided with the relevant choices as stated above.

Government Traineeships

Enrolment Process

Students wishing to enroll into an AIRC course through a government traineeship must first have an employer agreeable to this. The first step in enrolment via a traineeship is to contact the Apprenticeship Network Provider (ANP). ANP's are funded by the federal government and will visit your workplace and discuss the training contract and gain signatures with you and your employer. The ANP will then notify the AIRC of your contract. An over the phone interview is arranged in order for your enrolment into the associated qualification to progress we will then send you a Traineeship Enrolment Form and other documents as required. These documents must be completed in full to ensure you are enrolled without delay. Further information regarding traineeships is available on request. Students studying under a government traineeship must meet the State government requirements if requiring an extension of deferment. Trainees are required to adhere to the terms of the traineeship contract.

Traineeship Course Fees

Trainees are charged as per the AIRC's state funding contract and reviewed bi-annually to ensure compliance with state government regulations and recommendations. Existing Worker Trainees are charged as per the AIRC's fee for service course fees, unless funded under a state funding agreement.

Please refer to Appendix C – Fees for information on this topic.

Fee Exceptions/Concessions

Government Trainees and other government funded students in priority groups should contact the AIRC enrolment team for information on course fees. Trainees that may fall into these categories include school-based trainees, trainees under 17 and no longer at school

and concession card holders. Further information is available on the enrolment form for the qualification.

Completion Process

Once the trainee has been deemed satisfactory for each piece of assessment within a unit, the unit is deemed competent. When all required units within the course have been deemed competent, the AIRC will issue a Certificate of Completion and Transcript of Result within 30 days if having been provided:

- Unique Student Identifier (USI),
- completion documents and
- no fees outstanding

A copy of these documents will also be emailed or posted to the trainee's employer for their records. They may also be required to give a copy to the ANP to show their trainee has completed the course.

Higher Level Skills – Queensland Residents Only

The AIRC The Higher-Level Skills program provides a government subsidy to support eligible individuals to access subsidised training in selected certificate IV or above qualifications, and priority skill sets.

The aim is to assist individuals to gain the higher-level skills required to secure employment or career advancement in priority industries or to transition to university to continue their studies. Employers may also be able to access training to address workforce development needs.

Individuals undertaking training must contribute to their training costs through a 'co-contribution fee'. The fee may be paid on behalf of the individual by an employer or another third party unrelated to the Animal Industries Resource Centre the SAS, but cannot be paid or waived by the SAS, unless approved by the department.

Students accessing subsidised training under the Higher-Level Skills program will be timetabled to complete their Certificate IV in Veterinary Nursing qualification within 24 months. Students can only receive access to the Higher-Level Skills program subsidy once, so before you enrol, make sure you have considered your options before committing to this course.

Are you eligible to participate?

You must:

- be a Queensland resident
 - be aged 15 years or over, and no longer at school
 - be an Australian or New Zealand citizen or Australian permanent resident (including humanitarian entrants), or a temporary resident with the necessary visa and work permits on the pathway to permanent residency
 - not hold a certificate IV or higher-level qualification, not including qualifications completed at school and foundation skills training;
- and
- not be enrolled in another qualification, not including foundation skills training.

Volunteers

Strict conditions apply please contact AIRC for detailed information.

Course Delivery & Assessments

Learning

AIRC delivers a blended course via distance education. Correspondence between trainer and students is conducted by phone, through e-mail, face to face and workplace visits, message boards or virtual learning systems including and not limited to live webinars and video recorded sessions.

Course materials are typically available to download. The student/trainee will have access to an online student portal, where they can access all study guides, support and other resources such as videos and example assessments.

The AIRC delivers regular training webinars on specific skills topics relevant to the qualification. The sessions are interactive with the trainer leading discussion and Q&A sessions.

In accordance with state requirements, trainees are visited in their workplace by AIRC trainers for the purpose of skills training and for practical tasks assessment.

The student/trainee and supervisor will be provided with a timetable showing all assessments to be completed, as well as due dates.

Online Delivery

The AIRC offers courses via online, otherwise known as distance education. This allows our students to remain being employed while studying. It also means our courses are accessible to those located outside of metropolitan areas. Although each course includes slightly different materials, the AIRC supplies all students' e-books course materials as well as access to our online learning system. The online aspect of the course allows students to view course materials, be notified of updates within the course and industry, submit assessments online and gain feedback from trainers and other students. Students are required to have reliable internet access and a personal email address prior to enrolling in their chosen course.

Further information regarding what is included in the course you choose to study can be gained by speaking with the AIRC enrolments team.

Full Study Learning & Assessment

This is the traditional way to study and be assessed. Students enrolled in this pathway will receive course materials online and a timetable to learn through workbook and on-the-job activities. You will be assessed through completing online activities, examinations, written assessments, 3rd Party Reports and practical skills assessments.

Credit Transfer (CT)

Credit transfer is a process that provides students with credit outcomes for 100% equivalent units of study from previous qualifications. The units must be 100% equivalent to a unit in the enrolling course and you must be able to provide specific evidence such as a Certificate of Achievement or Statement of Attainment from an authorised Australian RTO prior to commencement of the course. The student will not be required to study or be assessed on these units.

To provide evidence in the form of an authentic Academic Transcript you can go online at www.usi.gov.au and provide us access. To permit this you will be required to allow the RTO to access and download your transcripts. Once this is completed please email enrolments@provet.com.au and let us know and please remember to provide your USI number.

If you wish to give a training organisation or other eligible organisation permissions, select Add Organisation.

You will be able to search for the organisation from a list of eligible organisations. A training organisation may be registered under a different name to the one you know. You can ask them for their Organisation Code to make the search easier.

Setting up access is your choice and can be time limited. You can update the existing permissions or set new permissions.

Provet Pty Ltd

RTO: 31424

Recognition of Prior Learning (RPL)

Recognition of prior learning means recognition of competencies currently held, regardless of how, when or where the learning occurred. These competencies may be attained through any combination of formal or informal training and education, work experience or general life experience. In order to grant RPL, the assessor must be confident that the participant is currently competent against the endorsed industry or enterprise competency standards or outcomes, specified in Australian Qualifications Framework accredited courses. The evidence may take a variety of forms and could include certification, references from past employers, testimonials from clients and work samples. The assessor must ensure that the evidence is authentic, valid, reliable, current and sufficient.

Animal Industries Resource Centre appreciates the value of workplace and industry experience and recognises that participants will acquire vocational skills and knowledge from a variety of sources other than formal training. These skills are legitimate irrespective of how they were acquired and the RPL process is designed to provide validation of such relevant skills. Recognition of Prior Learning (RPL) is an assessment process that assesses an individual's formal, non-formal and informal learning to determine the extent to which that individual has achieved the required learning outcomes, competency outcomes, or standards for entry to, and / or partial or total completion of a VET qualification.

The recognition of prior learning (RPL) process will be offered to and explained to all relevant participants. All participants will have access to AIRC's RPL information which is contained in the Animal Industries Resource Centre Student Handbook. Participants who believe they have already obtained current skills and knowledge that would otherwise be covered in the qualification / unit of competence for which they intend to attain, should apply for RPL at the time of enrolment. The participant's skills and knowledge will be assessed and validated, and where appropriate, units of competency acknowledged, and face-to-face training reduced.

As part of the Animal Industries Resource Centre enrolment policy, trainers will advise participants of the availability of RPL policy, explain what the process involves and how it relates to the attainment of the qualification in some circumstances.

When approached by a participant seeking RPL, trainers will:

- provide the participant with copies of an RPL application form
- provide the participant with information about the types of evidence that can be used to support an RPL application
- assess participant's information and notify participants of the outcome of the RPL process.

Live Webinars

The AIRC provide live webinars for many of the units of the qualifications delivered as a way of providing additional support for Certificate II in Animal Studies and Certificate IV in Veterinary Nursing. The AIRC encourages all students to attend live webinars to enhance their learning experience. Government trainees should also consider these as part of their routine learning commitments and attend wherever possible.

Information on Live Webinars and dates are available on iLearn Lounge www.ilearnlounge.com.au and will be emailed to students throughout their course.

Video Recordings

AIRC provide video recordings of webinars for students to access via the iLearn Lounge student portal. Video recordings are available for most units of competency.

Theory Assessment

As much of the written assessment for the courses offered by the AIRC are online, feedback can be gained promptly. For case studies/written assignments students will receive online feedback within 4 - 6 weeks. It is the intention for the AIRC to turnaround assessments promptly and within 4 - 6 weeks, however, please account for the timeframe of up to 8 weeks to cater for unforeseen delays that may occur from time to time.

Practical Skills Assessment**ACM10121 Certificate I in Animal Studies & ACM20121 Certificate II in Animal Care**

1. Video assessments – students may be requested to record certain practical skills in their workplace and submit for AIRC assessment processes.
2. Student's workplace mentor/supervisor is asked to sign a 3rd Party Report/Training Record after sighting the student completing required tasks satisfactorily on a minimum of 3 occasions. This will show consistency in the student's skills. A 3rd Party Report / Training Record is included for each unit in the hard copy course materials, and on iLearn Lounge www.ilearnlounge.com.au

ACM40418 Certificate IV in Veterinary Nursing

The AIRC adopts a quality policy of integrating workplace assessments to ensure fair and equitable outcomes for the student and the profession. All students must provide evidence of their skills as well as their knowledge in order to be deemed competent in a unit. Although each course may differ slightly, generally skills are assessed in three ways:

1. Practical skills assessments are conducted by the AIRC trainers and assessors for most units in the student's own workplace and are conducted during normal business hours (Monday – Friday from 9am – 5pm). The cost of a practical assessment is, in

its initial phase incorporated into the course fees. The AIRC allows for up to a maximum of 2 practical assessments for Certificate IV in Veterinary Nursing. A practical assessment block, additional fees will be charged. Please refer to Appendix C – Fees for applicable fees. In the event of unforeseen circumstances during a workplace assessment eventuating in a requirement for further workplace assessments this can be reviewed on a case by case basis.

2. Video assessments – students may be requested to record certain practical skills in their workplace and submit for AIRC assessment processes.
3. Student's workplace mentor/supervisor is asked to sign a 3rd Party Report/ Training Record after sighting the student completing required tasks satisfactorily on a minimum of 3 occasions. This will show consistency in the student's skills. A 3rd Party Report / Training Record is included for each unit in the hard copy course materials, and on iLearn Lounge www.ilearnlounge.com.au

ACM50219 Diploma of Veterinary Nursing

The AIRC adopts a quality policy of integrating workplace assessments to ensure fair and equitable outcomes for the student and the profession. All students must provide evidence of their skills as well as their knowledge in order to be deemed competent in a unit. Although each course may differ slightly, generally skills are assessed in three ways:

1. Practical skills assessments are conducted by the AIRC trainers and assessors for most units in the student's own workplace and are conducted during normal business hours (Monday – Friday from 9am – 5pm). The cost of a practical assessment is, in its initial phase incorporated into the course fees. The AIRC allows 1 practical assessment for Diploma in Veterinary Nursing. Should a student require further practical assessment blocks or cancels a scheduled practical assessment block, additional fees will be charged. Please refer to Appendix C – Fees for applicable fees. In the event of unforeseen circumstances during a workplace assessment eventuating in a requirement for further workplace assessments this can be reviewed on a case by case basis.
2. Video assessments – students may be requested to record certain practical skills in their workplace and submit for AIRC assessment processes.
3. Student's workplace mentor/supervisor is asked to sign a 3rd Party Report/ Training Record after sighting the student completing required tasks satisfactorily on a minimum of 3 occasions. This will show consistency in the student's skills. A 3rd Party Report / Training Record is included for each unit in the hard copy course materials, and on iLearn Lounge www.ilearnlounge.com.au.

BSB50420 Diploma of Leadership and Management

Diploma of Leadership and Management students will complete a workbook for each unit of competency and a portfolio of evidence to support the implementation of the skills and knowledge covered in the units of competency. No in clinic practical assessment required.

Enrolment Details

It is the student's responsibility to inform the AIRC of any change of address, email, name, workplace, mentor or change in working arrangements if different from information provided at the time of enrolment. If we do not have your up to date personal details the progress of your study and completion of your course can be affected. All changes to the enrolment status of AIRC students should be made by visiting the online Change of Enrolment Status form accessed at the Student Lounge on iLearn Lounge. Changes to enrolment details are not accepted until the automated form has been received. Where a change of name is requested certified accompanying evidence will be required. Copies of any changes are sent to the mentor. Where changes to details are associated with a government traineeship,

changes must first be made with the Apprenticeship Centre with whom the contract was initially signed.

Updating Details

The AIRC requests students visit the Change of Enrolment Status form portal on iLearn Lounge when any information relevant to their course changes. This includes personal contact information, employer and employment contact information and workplace mentor/supervisor contact information. Should a student whose course fees were paid for by their employer move to a new workplace, evidence must be shown that reimbursement or permission to continue their studies has been finalised by the previous employer. Newly appointed workplace mentor/supervisor's will have access to a Mentor Guide to assist them in their role.

Government trainees are reminded that they are studying under a contract with their workplace and change of employment status should be discussed with their Apprenticeship Network Provider.

Course fees are calculated prior to the student's enrolment being processed. Should further evidence be offered after this point (including RPL and CT) the AIRC is not obliged to offer credit or refund for units. For this reason the AIRC asks that students discuss their study options with the AIRC enrolment team prior to submitting an application for their chosen course.

Extensions to End Dates (Qualification/Course)

Should a student require additional time to complete their chosen qualification/course the AIRC will offer student and assessment support for an additional fee per study block (i.e. 3 months) from the end of the nominated course end date (refer to Appendix C for associated fees). Students are reminded that this is for extenuating circumstances only and should not be looked upon as an option instead of adhering to the timetable provided. The AIRC support team can supply you with the appropriate form to complete and return. The AIRC support team may contact your workplace mentor/supervisor prior to an extension being approved. Should the student not organise an extension to the qualification/course within two months following the course completion date, the AIRC will assume you do not wish to complete the course and will cancel the enrolment. All students receive a reminder of their course end date 1 month prior to end of course.

A maximum of 2 extensions may be granted for students studying Cert II level course and a maximum of 4 extensions for Cert IV level and higher courses. Requests for subsequent extensions are only granted if work has been submitted during the 1st extension. In some cases the trainer and assessor will assign specific assessment tasks to be completed. If students have had prior extensions which already exceed the above maximums the AIRC management will review on a case by case basis.

Government trainees are reminded that an extension to the nominal completion date of the traineeship must be organised through their Apprenticeship Network Provider at least 3 months prior to the nominal completion date of the traineeship.

Extensions (Assessment/Unit)

Students are provided with an individual timetable. Should a student require additional time for submission of an assessment application is to be made via iLearn Lounge. Additional time will only be approved at the discretion of the AIRC and employer where applicable and a medical certificate may be requested. Repeated applications for extra time due to heavy workload are not acceptable and the student's workplace mentor/supervisor may be contacted prior to additional time being approved. Applying for extra time will affect the end date of the course and therefore may incur additional charges if the course requires extending to complete studies. If you require less than 7 days from your unit end date to

submit your assessment item an application is not required, if you require further time please contact the AIRC team as you maybe be eligible for a deferment (see below).

Deferment of Studies (Fee For Service Students Only)

Students are required to apply for deferment via the Change of Enrolment Status portal on the iLearn Lounge. Once your application has been received and your reasons for deferment assessed AIRC will reply to both student and mentor by email.

During the deferment period students do not receive correspondence from the AIRC support team (unless the current qualification they are studying is transitioned) and will not have access to or be able to submit assessments though iLearn Lounge. Should a student not be ready to continue study at the end of the maximum deferral time, the course will be cancelled, and the student will be required to re-enroll. It is the responsibility of the student to reinstate their studies by completing the Change of Enrolment Status form to resume studies.

Acceptable reasons for deferral:

- Medical reasons:
 - Maternity leave
 - Medical certificate required
- Personal reasons:
 - Death in family etc.
 - Extended overseas travel where study is not possible, written confirmation from employer

Deferral requests are not accepted within **3 months** of the student course end date.

Please note that the Pet Technician Certificate allows for no deferral time. The maximum deferment time for the Certificate I and II courses is 3 months. The maximum deferment time for all other courses is 6 months. The only exception to this is for students applying for maternity leave where up to 12 months' deferment can be applied for.

Students who leave the workplace are permitted a maximum of 3 months' deferment to find suitable employment; if after this time the student does not have a suitable workplace AIRC will cancel the student's enrolment, no refunds are applicable. If the student secures employment at a suitable workplace within the next 6 month period a fee of \$300 will be charged to activate the enrolment.

Please read the section on superseded qualifications as your qualification may be superseded during this period and this may necessitate you to either re-enroll or to complete your current qualification with shorter timeframes.

Failure to make Reasonable Progress

Students, who fail to submit assessments by their due dates and neglect to communicate with the AIRC support team, will be sent via email a failure to make reasonable progress warning. This letter may request submission of assessment within a set timeframe, payment of extension of course fees or cancellation of the course. A copy of this letter will also be issued to your workplace employer, mentor/supervisor and state training authority (for Government Trainees). Should the requirements not be adhered to, and a reasonable explanation not offered, the AIRC has the right to cancel your enrolment.

Course Completion

After achieving all competencies for a completed Nationally Recognised Qualification or AIRC course, students will be awarded with the relevant qualification (i.e. Certificate / Diploma), providing they have supplied the AIRC with a USI number and are financial.

The relevant qualification or statement of attainment will be issued to the student **within 30 days** of being deemed competent, or upon cancellation of the course. Where the student is studying under a Government Traineeship their employer will also be issued with an electronic copy for their records. Should the student achieve only some of the competencies from the course, they will be awarded a Statement of Attainment identifying the units of competency that have been achieved in full.

Students requesting a replacement copy (hard copy or electronic) of their Certificate of Achievement, Statement of Results or Statement of Attainment will be requested to pay an administration fee. Although the AIRC will attempt to reissue the document promptly, the usual 30-day timeframe may be applicable. Refer to Appendix C for fees.

Cancellation of Course

Students wishing to cancel their studies are requested to do so after first considering the option of deferment (where applicable). Students are requested to cancel their course via the Change of Enrolment Status portal on the Student Lounge on iLearn Lounge. Should your workplace have paid for your chosen course, the AIRC student services team may contact your workplace mentor/supervisor prior to the cancellation being processed. The AIRC has the right to cancel a student's course after first advising the student in writing. This may be done if the student does not do one of the following:

- complete their course within the timeframes required
- does not respond to student contact on a continuous basis
- receives a failure to progress notification and does not respond by submitting assessments or paying required associated fees
- fails to pay tuition fees as agreed to at enrolment, or
- does not comply with the AIRC policies as set out in the Student Handbook.

In the above cases the AIRC are not obliged to offer credit/refunds to the student.

Refunds

Prior to course commencement

When cancellation takes place prior to the course commencement date students are eligible for a credit or refund based on the following criteria being met: -

- Notification of cancellation made in writing no later than 5 days prior to course commencement date.

After course commencement

- No refunds after course commencement
- Students utilising a payment plan must continue to pay until the course is paid in full

Requests for refunds outside of these timeframes must be made in writing and addressed to:

General Manager
Locked Bag 1003
Northgate Qld 4013

A response will be made back in writing within 6 weeks of the request being received.

Administration of refunds/credits

Fee For Service Students

Refunds will only be credited to the original credit card or account used for payment, courses funded by Provet allocation or Provet points will not be refunded. Refunds will only be made after the final management decision and then within 21 days of the student returning course materials and providing account details.

Any refunds or credits will have a \$250 enrolment fee and \$175 administration fee deducted prior to refund.

Government trainees are reminded that cancellation of the course must be completed through the appropriate State Training Authorities or Australian Apprenticeship Support Network, and refunds of trainee's contribution vary dependent on state funding regulations.

Queensland Government Funded students

Where a student withdraws from a User Choice Traineeship or Higher-Level Skills the AIRC will ascertain that where units paid for and not completed will receive a refund where applicable.

Where a student withdraws from a course the AIRC will ascertain that where units paid for and not completed will receive a refund where applicable.

Change of Course

The AIRC understands that a student's interests within the animal care industry may change. Should a student wish to change the course they are studying to better suit their current interests or study needs they are asked to discuss their options with the AIRC support team. An individual plan will be suggested, including any credit available for the newly chosen course.

Government trainees are reminded that a change of course must first be organised through the appropriate State Training Authority or Australian Apprenticeship Support Network.

Protecting Fees

AIRC will ensure that participants prepaid fees (including enrolment fees, tuition fees and any other fee component that is a mandatory payment for the course) are protected in an appropriate manner.

AIRC will not collect more than \$1500 in advance from any individual student. Where less than \$1500 is collected prior to the commencement of training or where the total course fee is less than \$1500, a fee protection process is not required. These fees are paid/charged to the participant, a government agency or the participants employer.

Misconduct & Appeals

Assessment Feedback

Incomplete or incorrectly labeled submissions will not be accepted. Students will be notified and asked to re-submit the assessment once changes have been made and labeled correctly.

All unit quizzes are marked instantly and students are invited to contact the AIRC support team for additional support for incorrect answers if needed. Students will receive feedback for case studies/written assignments within 4-6 weeks of submission. Feedback on a student's practical skills will be given at the time of the practical assessment. If the workplace mentor/supervisor is not available during this time, the AIRC support team will contact them via phone or email to discuss the student's progress.

Where a student's case study requires a resubmission, the student will receive a feedback form with details on the additional information required. Students are encouraged to contact an AIRC support team member to discuss the requirements of the assessment piece prior to resubmitting. Students must follow the .pdf resubmission guidelines found at the Student Noticeboard on iLearn Lounge (www.ilearnlounge.com.au).

Resubmissions of case studies

The AIRC allows all students the opportunity to resubmit **one** further case study per unit/module when feedback indicates the submission does not cover the criteria as set out in the guidelines. If the submission remains unsatisfactory a 2nd resubmission maybe required, this will be reviewed by the Marking Manager and costs will be applied as outlined in Appendix C.

Misrepresentation

Students are reminded that misrepresentation of themselves through any of their assessment items is unacceptable. Should the AIRC suspect misrepresentation is occurring the AIRC support team will prepare a written report on the alleged academic misconduct and attach it to the student's assessment item. The student, student's parent (where under 18 years), employer and workplace mentor/supervisor will also be contacted. All misconduct matters will be referred to the AIRC management team for appropriate action. Action may include resubmitting the same assessment item or a similar assessment to prove their knowledge and skill, or in certain circumstances the student may be cancelled from the course and notified of such in writing.

Misrepresentation includes but is not limited to:

- copying others work
- plagiarism
- imitating workplace mentor/supervisor's signature for the purpose of submitting assessments
- working with other students and colleagues to produce work in groups that has not been agreed to by the AIRC support team
- making up or falsifying data in experiments or other research
- altering the record of any grade or result
- giving untrue information in order to obtain exemption from program requirements
- bribery in any form, including offering or giving AIRC team member's money or any other benefit as a means of influencing them or their decisions
- copying published or unpublished material without proper acknowledgement
- using or developing another person's ideas without acknowledging them

- using the work of other students (with or without their permission) and claiming it as your own

Where State or Commonwealth laws appear to have been breached, the matter will be referred to the police or other appropriate authority. Where students are undertaking study as a Government Trainee, any disciplinary action or recommendations will be made with due regard to the provisions of the Vocational Education, Training and Employment Act 2000. Where students are less than 18 years of age, a parent/guardian will be notified.

Behavioural Misconduct

Behavioural Misconduct is broadly defined as actions that breach the responsibilities and obligations by the student as listed in this document or impair the reasonable freedom of other persons to pursue their studies and participate in the activities of the company. Should the AIRC suspect behavioural misconduct the AIRC support team will prepare a written report on the alleged misconduct. The student, student's parent (where under 18 years), employer and workplace mentor/supervisor will also be contacted. All misconduct matters will be referred to the AIRC management team for appropriate action, which may include up to 24-hour suspension from training sessions, suspension of the student's course, or in certain circumstances include the student being cancelled from the course. Students will be notified in writing of any action to be taken.

Behavioural misconduct includes but is not limited to:

- Failure to comply with any policy of the AIRC
- Breaches of any AIRC policy including, but not limited to harassment (including sexual harassment), intellectual property, occupational health and safety, and use of computing and electronic resources
- Stealing, destroying, impairing the accessibility of, or defacing any part of the AIRC library collection
- Refusing or failing to identify oneself truthfully
- Failure to comply with any lawful order that was given by an employee of the AIRC in order to ensure the safety of any person and the orderly conduct of learning programs and other activities of the AIRC
- Any act or failure to act that endangers the safety or health of any other person
- Actions that impair any persons' participation in a legitimate AIRC activity or, by act or omission disrupts the peace or good order of the AIRC
- Conduct which unduly disrupts or interferes with a class, a meeting or any other official activity within the AIRC
- Acting in a way that causes students, staff or other persons within the AIRC to fear for their personal safety
- Assault or attempts to assault any other person or cause any person to hold reasonable fear for their safety or physical or psychological well being
- Stealing, destroying or deliberately damaging AIRC equipment or premises
- Making a false representation or declaration regarding a matter affecting your student status
- Being under the influence of prohibited drugs and/or substances including alcohol while on AIRC's premises or while participating in an AIRC related activity
- Unauthorised possession of a weapon on AIRC premises or while participating in an AIRC related activity
- The use of swearing and/or improper language when communicating with AIRC staff

Where State or Commonwealth laws appear to have been breached, the matter will be referred to the police or other appropriate authority. Where students are undertaking study as a Government Trainee, any disciplinary action or recommendations will be made with due regard to the provisions of the Vocational Education, Training and Employment Act 2000. Where students are less than 18 years of age, a parent/guardian may be notified.

In the case of events involving theft, assault and other acts which are against the law, these will be immediately referred to the Police.

Complaints and Appeals

Should a student, employer, workplace mentor or supervisor require additional information regarding the feedback of an assessment, or does not agree with the outcome given, they are asked to contact the AIRC support team within 14 days of receiving the feedback.

In these circumstances an AIRC student support coordinator will contact the caller, as it is in the student's best interests for the coordinator to review the assessment and feedback before offering further advice and feedback. This will be done in a prompt manner with the most appropriate AIRC coordinator responding. Should the student, employer or workplace mentor/supervisor not be satisfied with this process the AIRC would ask that the feedback be directed to AIRC via studentsupport@provet.com.au. The assessment will be reviewed by a different AIRC coordinator and a written response will be offered.

Where the student, employer or workplace mentor/supervisor request, the AIRC is able to offer independent review of the assessment by an external appeal consultant as agreed upon by both parties. The consultants engaged to conduct the appeal process is to hold a recognised qualification that meet the National Training Package requirements for the relevant course. Where participants wish to use an external consultant who is not approved by the AIRC they will be responsible for the payment of all costs associated with the use of the external consultant in the appeal process. In all cases, students will be provided with the decision in writing including the reasons for the decision within 14 days of the decision being made. All assessment action will be suspended pending determination of the appeal process. All decisions will be immediately communicated to participants and, subject to the provisions of the Judicial Review Act 2000, the decision of an external consultant conducting an appeal will be final.

Should a student, employer or workplace mentor/supervisor wish to appeal the AIRC's concerns in regard to a student's misconduct, this should be notified to the AIRC management team in writing within 5 days of the incident. The AIRC, following receipt of the appeal will determine appropriate action. Action may include modification or dismissal of charges, suspension from using all facilities and/or services, including library borrowing and computer access rights, or cancel the student from the course. Any action to be taken will be notified to the student in writing. The AIRC deems misrepresentation and misconduct claims very seriously and action will be taken swiftly.

Should a student be found guilty of misrepresentation or misconduct they can appeal the decision or the decision process in writing to the AIRC – General Manager. The appeal will be referred to the misconduct review panel and a meeting date will be set as quickly as possible. The student will be notified of the time, date and venue in writing. If required, the AIRC will provide an interpreter to assist during the meeting. The misconduct review panel members include the AIRC General Manager, an AIRC team member from an unrelated teaching area and a member of the AIRC management team. The student also has the right to be accompanied by a representative, and witnesses where applicable. Should the student not wish to attend, the AIRC encourages them to offer a written submission. However, if this is not supplied, the panel may assess the matter and where necessary impose a penalty as if you had participated. All decisions will be advised to the student within 2 working days of the decision date, in writing. The decision of the misconduct review panel shall be final.

The AIRC will record all correspondence in the students' Student Management Software file notes and recorded in the AIRC complaints register for reference when reviewing 'continuous improvement'.

Any student, employer or workplace mentor/supervisor who has a complaint involving AIRC personnel, services or other aspects of the training, should take this complaint up with the RTO Operations Manager in the first instance. Should the student, employer or workplace mentor/supervisor not be satisfied with the result, a written submission should be lodged with the AIRC – General Manager within 10 days of the event. All submissions received will be acted on and a written reply will be sent as expeditiously as possible.

General Manager

Locked Bag 1003

Northgate Qld 4013

Additional Support

All students are offered additional consultations with trainers and assessors, one-on-one coaching, face to face training, phone, chat and email (fees for coaching may be charged at an hourly rate).

Language, Literacy and Numeracy (LLN)

AIRC provide a LLN online test for all students, students requiring flexible learning and assessment due to learning disability/LLN concerns are requested to discuss their needs in confidence with the AIRC support team, as well as your employer and workplace mentor/supervisor. AIRC have a holistic approach to assessment and alternative measures can be arranged for the student depending on the level of LLN assistance that is required. The AIRC will provide assistance to students by working through a specialist LLN support agency (Additional fees may be applicable for FFS students).

Physical Disability

Students requiring flexible learning and assessment due to physical disability are requested to discuss your needs in confidence with the AIRC support team, as well as your employer and workplace mentor/supervisor.

For additional assistance students are requested to contact Centrelink or www.dsa.org.au

Financial

The AIRC offers students the option to pay course fees via monthly installments through an external finance company where possible. Additional financial assistance cannot be offered. Students are requested to contact Centrelink for assistance and advice.

Other support

The AIRC recognises that caring for animals can be a challenging job. As such, we believe emotional healthcare is an important part of career development. Should any student require a counselling service, the AIRC recommend the following organisations:

- Lifeline – ph. 13 11 14
- Kids Helpline (for those under 25 years of age) – ph. 1800 55 1800
- The Australian Counselling Association to seek a registered counsellor in your area – ph. 1800 784 333

Mentor & Employer Support Information

Each student should be working with a senior team member to support them in their course content and daily tasks in the workplace. The AIRC requests that the student's chosen workplace mentor/supervisor holds the qualification that is being studied by the student or higher. For example, a student enrolling into Certificate IV in Veterinary Nursing may choose a workplace mentor/supervisor that holds an Australian Nationally Recognised Certificate IV in Veterinary Nursing or a Bachelor of Veterinary Science. Where no workplace mentor/supervisor is available with the relevant qualification, the student may select a workplace mentor/supervisor that supervises you and has the industry experience to instruct you in your daily work tasks. They may be asked to show evidence of their industry experience and therefore a senior staff member or owner of the workplace is recommended.

Role of the Mentor

The role of the mentor is to provide support in the workplace with the student's studies and on-the-job learning opportunities. It should be noted that the mentor should hold the same or higher-level qualification within the industry of the qualification being delivered. All workplace mentors/supervisors will receive information to gain access to our Mentor Lounge on the iLearn Lounge as another means of support upon the student's commencement in a course. This offers in depth information on the role and responsibilities of the mentor/supervisor and an insight into competency-based learning. Should a mentor/supervisor require details of the role prior to the student's enrolment, the AIRC would ask that you contact the AIRC enrolment team or AIRC support team.

Communication

It is important to the AIRC to build a relationship with both the student and workplace. Throughout the qualification the AIRC support team will contact the employer, workplace mentor or supervisor with assessment feedback and the student's general progress. AIRC expect open communication regarding the students' progress between all parties and request that the student, employer or mentor/supervisor contacts the AIRC if they do not want this to take place. The AIRC will not supply the student's or employers' personal contact details to external parties.

As a provider of distance education it is the responsibility of the student, mentor or employer to contact the student support team to discuss any matters which may arise relating to the student's studies. The AIRC student support team will make contact with students where it is apparent that the student is not progressing through the course. The student also has access to the 'chat room' between the hours of 8:30am – 4:30pm (Qld time) Monday to Friday where a student support team member can assist them with any questions.

The AIRC contacts all students studying; this may be by email, telephone or in person at the workplace.

Under privacy laws, we cannot release information to the parent or guardian of a student over the age of 18. Written permission must be provided if a student agrees for the AIRC to discuss their course to a parent or guardian.

Appendix C – Fees

Please note: The fees as described in this section are current for domestic student at time of writing and are subject to change without notice. Please contact the AIRC to confirm current prices.

Domestic Course Fees - Current to December 2023

AIRC fee for service course fees includes an enrolment fee of between (\$250). Fee for service course fees for domestic students are listed below and are for e-books online. Where students require additional practical assessments the offer of live video can be offered in place of incurring additional travel costs associated to an assessor re-visiting the workplace to undertake a face to face assessment.

Course Name	Please contact AIRC for individual course cost
ACM10121 Certificate I in Animal Studies	\$1250
ACM20121 Certificate II in Animal Care	\$3500
